All persons involved in Saddle & Harness Association, Inc. (the "Club") sanctioned events, shows, riders, drivers, passengers, grooms, officials and spectators should keep safety foremost in their minds.

1. The minimum number of entries required to hold a class shall be one (1). Classes not meeting this requirement shall be cancelled. Some classes may be combined or run concurrently in the interest of time, where safety permits, but will still be scored/placed separately.
2. The Club reserves the right to hold classes, or portions of classes, on any part of the show or event grounds if found necessary or expedient to do so.
3. Any member of the Saddle & Harness Association who works at a show or event in any capacity shall not be penalized or disqualified from showing in that show.
4. Anyone may show an equine regardless of where it is, or was, stabled, or who trains it. Professional horse trainers are permitted to compete.
5. All non-members must pay a \$15 grounds fee per equine.
6. The person signing the entry form, whether exhibitor, owner or parent or guardian, is responsible for show or event fees regardless of who shows or owns the equine.
7. All exhibitors, vendors, handlers, grooms, ring stewards, volunteers and anyone entering the ring or handling an equine on the show or event grounds must complete and sign an entry/release of liability form and in the case of a minor exhibitor (17 & under) the form must be signed by a parent or legal guardian.
8. Entry numbers shall be displayed and visible on each entry during all events and must be purchased from or provided by the Club on the day of the show or event.
9. Conduct on the part of any exhibitor, owner, trainer, member, or spectator of a detrimental, unsportsmanlike, excessive or abusive nature in the show ring or anywhere on the show or events ground as determined by two of the following: Judge and a member of the Show Committee or two members of the Show Committee. Such determination may be penalized by official warning, disqualification and/or expulsion from the grounds and/or suspension of membership, forfeiture of all fees or such other sanctions as may be deemed appropriate. Anyone witnessing such conduct shall report the conduct to the Show Committee at the time of the incident or no later than the close of the show. Once a determination has been made any challenge to such a determination must comply with Rule I. 12.
10. All persons involved in Saddle & Harness Association, Inc. sanctioned events, shows, riders, drivers, passengers, grooms, officials, and spectators should keep safety foremost in their minds. It is the handler's ultimate responsibility to have his or her equine(s) under control at all times and to ensure that all tack is kept in a functional and safe condition for the benefit of all those present, whether human or equine.
11. All protests of class placing must be lodged with a Show Committee member and then made in writing with a \$50 deposit **within 24 hours after end of that show**. A review of the placing and the complaint will be done by the judge and a member of the Show Committee or by two members of the Show Committee. Once a determination has been made, any challenge to such a determination must comply with Rule I.12.

12. Any challenges to Show Committee decisions must be made **within 24 hours after the show** and in writing referencing the action that is the subject of the challenge and must be accompanied by a \$50 deposit. The challenge will be discussed at the next regularly scheduled Board meeting. All parties to the challenge are encouraged to attend the meeting. If the Board determines, by a majority vote, that the challenge is correct, the \$50 deposit will be refunded to the complainant. If the Board determines, by majority vote, that the challenge is *incorrect*, the \$50 deposit will be forfeited to Saddle & Harness Association, Inc.
13. An exhibitor may enter more than one equine in any event in which each entrant enters the arena alone, such as timed cones and gambler's choice. No more than three different exhibitors may enter the same equine or team in the one event.

 - b. For exhibitors of any age the use of a properly fitted and secured SEI/ASTM certified helmet in lieu of traditional attire shall not be counted against the exhibitor.

5. The show committee is responsible for ensuring that the gate is manned throughout the day.
6. When passing another entrant in the arena, passing should be done with safety always in mind.

10. **NO PARKING OF VEHICLES OR HORSE TRAILERS UNDER THE COVER OF THE ARENA.**
Exceptions: Judge, show committee, special needs, show committee trailer (governed by the show committee,).

IV. EQUINE CLASSIFICATIONS

If your equine's height is borderline, we suggest measuring it at the beginning of the show year. You must be consistent about the size category you show him/her in.

NOTE: For the purposes of size classification, the height / size of an equine is declared by the first show of the year in which the equine is entered. Once an equine has been shown in a specific size classification the equine **MUST** show in that classification for the remainder of the year. No equine will be allowed to cross enter between size classifications unless specifically stated in this document.

1. Minis shall not exceed 38 inches from the ground to where the last mane hair comes out of the body at the withers.
2. Ponies must measure between 38 inches and 14.2 hands (58 inches) from the ground to the highest point on the withers.
3. Light horses shall be at least 14.2 hands (58 inches) at the withers. Those breeds of horses that allow smaller animals may show in the horse classification and still be less than 58 inches, but they must NOT cross enter into any pony classes that year.
4. Draft horses shall be those of a Draft horse breed. A Gypsy, Fjord, Haflinger, (horse or pony size), may be shown as a draft.

5. Warmbloods, Friesians and Draft Horse/Light Horse cross descent are classified as Heavy Horses and must show as such. Once shown in a specific classification (Heavy Horse, Light Horse, or Pony) the equine or Multiples must show in this classification for the remainder of the year.
6. Draft Horses, Heavy Horses and Multiples of the same, may show in the Horse classes for Gambler's Choice and Timed Cones.
7. Immature equines should show according to what size they are expected to reach at maturity. For instance, a weanling Paint horse may be shown in the Light Horse Halter class even though it measures as a pony.
8. Mules and donkeys must enter according to their height.
9. Gaited horses MUST perform required gaits (i.e. walk, trot and Canter) if showing in non-gaited classes.
10. An exhibitor may question the height of an equine by making a \$50 deposit to the Show Chairman and requesting the measurement of the equine. The equine shall then be measured by two members of the Show Committee or the Judge and one member of the Show Committee. The equine shall be measured standing on a hard, smooth, level surface. If the equine is wearing shoes, ½" will be deducted from the measurement. Only the two people in charge of measuring and the owner and/or a handler may be present. If the owner and/or handler declines to let the equine be measured, they forfeit the rest of the entries and forfeit any points accumulated toward year end awards.

Note: If it is determined that an equine is oversized and the height can be corrected humanely prior to the gate call, the owner may do so, and the \$50 is refunded. If it is shown that an equine was already shown in the wrong category, it shall forfeit entry fees, points accumulated and winnings in the incorrect classes or divisions and may be allowed to enter and show in the correct class or division for the remainder of the show or the show year. If it should be determined that the equine is in the correct height class or division after measurement, the \$50 deposit shall be forfeited to Saddle & Harness Association, Inc.

X. DESCRIPTION OF SHOW CLASSES

The following is a description of the classes being offered in 2025. Classes may be added or subtracted from the show premium year-to-year or run concurrently. If there is a class on the show premium that is not described below, see the Show Committee for rules.

Any class may be entered as a schooling class by paying the appropriate entry fees and turning the entry number upside down during that class. Horses and riders entered as schooling only will **not** be judged.

<u>All Halter classes</u>	Enter according to the size/breed of your equine. You should be asked to Walk, Trot and line up to be evaluated. Judging should be for the equine that best fits the ideal of its breed type, balance, muscling, capacity, soundness, and way of going. Note: any exhibitor (youth or adult) may be “assisted” in showing (i.e., trotting) an equine in a halter class. The exhibitor of record is the person who presents (stands) the equine for the judge. The assistant is to remain in show ring at the rail when not assisting.
Halter Hairiest - Open to all equines	The only thing that matters in this class is which equine has the most hair. Usually offered only during Winter and Spring months.
Halter Weanlings – Open to all equines	Starts at May show. Foals born in the current show year.

If a driver and equine go off course, break into the canter three or more times or for three strides or more they are disqualified. In a multiple entry, a break into canter by any equine in the hitch shall be counted against the entire entry. The gates are to be driven in order. Definition of Gaits

Walk - A flat-footed 4 beat gait in which each foot strikes the ground at a separate time. The feet fall in the sequence: (1) right fore, (2) left hind, (3) left fore, (4) right hind. The body of the horse is not lifted during the walk. There are always at least 2 feet on the ground.

Trot - A 2 beat diagonal gait in which the front foot and opposite hind foot strike the ground simultaneously. The rate of speed varies, as does the leg action; some breeds use a higher stepping action than others. The legs impart an upward swing to the body at this gait. The trot is used in English style classes and Driving classes.

- a. Slow Trot - a trot performed with smaller strides, less ground covering
- b. Working Trot - the medium speed trot at which most equines are most comfortable
- c. Strong Trot - an extended, more ground covering trot with larger strides (the announcer will call for it by saying, "trot on")

NOTE: A significant difference should be apparent between the Slow Trot, Working Trot and Strong Trot.

Jog - the same 2 beat diagonal gait as the Trot, but with less forward motion and less action. It is used in Western style classes.

Canter - a 3 beat gait in which two diagonal legs are paired, falling between the beats of the other two

legs. The hind foot (say, in this case, the Left), makes the first beat, then the other hind foot (the Right) and the diagonal opposite forefoot (the Left) make the second beat simultaneously, and the last foot to fall (beat number 3) is the Right fore. Then there is a pause when the equine has all feet clear of the ground to start the cycle over again. The weight should be primarily on his hindquarters. The canter can be done on the Right (explained above) or Left Lead. The Canter is asked for in English style classes.

Lope - the same as the Canter, but a more collected, less ground covering speed. The Lope is asked for in Western style classes.

Other Gaits - Gaited horses show at gaits in accordance with the specific breed standard.
